The Commission received a report alleging that a private person (suspect), forged and uttered a letter purporting to be from the Ethics and Anti-Corruption Commission, the said letter was allegedly terminating an ongoing investigation against the complainant who was under investigation over the irregular award of a Tender. The suspect then allegedly demanded KSh. 170,000/= from the complainant as a bribe, claiming it would be used to have the investigation terminated.

Investigations established that the suspect obtained KSh. 200.000/- from the complainant by falsely pretending and lying that his alleged uncle who works for the Commission could influence the course of the investigation against the complainant's company.

Investigations also established that the suspect forged a letter dated 27th August 2018 purporting it to be from the Commission and addressed it to Burale General Contractors Limited, the Complainant's company, contrary to section 345 of the Penal Code.

Investigations further established that the suspect forged a letter of notification of award dated 9th August 2018 purporting it to be from Plan International contrary to section 345 of the Penal Code. The suspect presented the forged letters to the complainant, purporting them to be genuine letters, and obtained KSh. 170,000/=.

On 29th September 2026, a report was forwarded to the DPP noting that since the offences that arise do not fall within the mandate of the Commission. The Commission recommended that the file be forwarded to the Directorate of Criminal Investigation.

The Commission is awaiting DPP's response.

50. EACC/ISL/OPS/INQ/4/2026

Investigation into Allegations of Requesting a Bribe from Members of the Public by Civil Registration Officers Based in Meru.

The Commission received a report alleging that an officer based at the Meru Civil Registration Services offices had requested a bribe of KSh. 1,200/= from a member of the public to facilitate the processing of a death certificate for his deceased father.

The Commission conducted a covert surveillance operation at the Civil Registration Services Office in Meru. The operation culminated in the arrest of the suspect and the recovery of KSh. 1,500/= that she had received from the complainant to assist him in obtaining a birth certificate for his daughter. The money was intended to cover the service of completing the birth application form on his behalf and submitting it to the main office for processing. Late birth applications incur an official statutory fee of KSh. 500/=.

Also recovered from the suspect was an envelope containing various application forms, birth notifications, ID copies, and late registration forms for other persons.

Investigation established that the suspect is neither a public officer nor an employee of the Civil Registration Services Office in Meru. Ordinarily, the process of applying for a birth certificate is conducted online via the eCitizen portal, including the payment of official processing fees. Various private service providers, including cybercafé operators, offer these digital assistance services for a fee.

Investigations did not establish that the suspect represented herself as an employee or authorized agent of the Civil Registration Services Office in Meru.

Moreover, analysis of call logs provided no evidence that she was working with or colluding with any insider at the registration office. There was also no evidence that she explicitly or implicitly led the complainant to believe she was staff. She merely offered to complete the application process on his behalf for a fee, which he voluntarily accepted.

On 29th September, 2026 a report was compiled and forwarded to the DPP with recommendations to close the inquiry file.

The Commission is awaiting DPP's response.
